Visitors

Visitors are welcome at the club but must be booked in prior to going on to court by a member of the club. Visits allowed are 5 per year and the cost is £5 for seniors, £3 for students and £2 for juniors. If a visitor subsequently joins the club then all of his/her visitors fees for that year will be refunded

Court Etiquette

Court Care

Always use court brushes prior to playing if there is debris on the surface. Whenever possible commence playing on court four and not court one to even court wear

Dress

The club dress code is as follows and should be adhered to at all times: Any recognised tennis gear may be worn together with suitable trainers and white socks. No swimwear/beachwear, rugby/football shirts or denim

Tennis Balls

Members may use only four tennis balls per court. It is the Members responsibility to retrieve all balls, including those falling out the netted are, and return them to the Clubhouse at the end of play

I would like to begin my first report as club chairman with a thank you to the committee members who stepped down in 2009. They include Alan Metcalfe my predecessor as club chairman, Maureen Parton Club Secretary, Anne Rodman Membership Secretary, Jane Hamlin Ladies Captain and general committee members Robin Lees, Tony Rundle and Keith Earnshaw. I am sure all members would join me and add their thanks and appreciation. Although there was a major cull of committee members this year I am pleased to report that many of them continue to do sterling work for the club from the back benches so to speak; for example Alan runs the mixed winter league whilst Jane has been heavily involved with getting league tennis up and running. Once again I would like to thank all club members who support the club in this way

At the 2009 AGM questions were asked about what was the committee's mission statement, what direction were we intending to take the club in, or did we even have a plan at all. I would argue we did although it was unwritten and I would say the mission statement of the club committee is: To manage the club and to provide the best possible conditions for all members to enjoy the sport of tennis. In my opinion the committee has always achieved this with the courts being some of the best in the area and the outstanding success we achieved in league tennis in 2008 shows that playing standards are improving across all levels. I feel this improvement in playing standards is down to mixture of improved technique and competitive play achieved by coaching and the quality of the internal club competitions we run

So what is the vision for the future? Although I feel the committee has served the club well I also feel that the one area that has maybe let us down is communicating to club members what we are currently involved with, so with that in mind we, as a committee have decided to explore a number of new initiatives to improve this situation. These new initiatives include the club handbook, the website upgrade and membership questionnaires. On the playing front we will endeavor to improve the standard of play at the club through coaching and competitive practice sessions. We also want to increase the number of junior members we have by introducing a more appealing membership package. These new initiatives on the playing front may place a strain on court availability but please bear with us on this whilst we try to find a mutually acceptable solution for all club members

Finally I hope you will embrace all of these new initiatives as it is only with your support that we can take the club forward

OPEN TOURNAMENTS

Mixed Veterans Open

This year the club will be holding two mixed veteran's tournaments for men aged 45+ and ladies 40+. The format of the tournament sees the pairs split up into three or four leagues where they compete against each other for a fixed number of games usually between 8 and 10. The pairs that win the most games in each league go through to the semi finals where they play a short set to decide who will compete in the final. The final is also played over a short set to decide the overall winners of the tournament. The open mixed veteran's competitions are held on Sunday's in May and August and start at 10:00am with the final being contested at 5:00pm the cost of entering the tournament is £15 per couple and this includes prizes for the winners, runners up and losing semi finalists as well as an afternoon tea for everyone taking part.

Ladies Open

A ladies open will be taking place in June this year depending on the numbers entering it may follow the same format as the Mixed Veterans Open with the pairs competing in leagues to determine who will contest the semi finals and final or a round robin format may be adopted if fewer pairs enter. The cost of entering the tournament is £15 and once again this includes prizes for the winners and an afternoon tea for all people taking part.

CLOSED CLUB TOURNAMENTS

Closed Club Championship

For a 3 week period during the end of June and start of July normal activities are suspended whilst the Open Club Championships take place. All club members are invited to enter singles and doubles events with each round consisting of the best of three sets with tie breakers being played in the first two sets and a long set to decide the final set. A plate event is also included in the competition for couples who lose in the first round of the mixed doubles and this led to a wider range of players tasking part on finals day. The finals all take place on the last Sunday of the event starting at 2:00pm with the open men's and ladies singles finals the day concludes with the mixed doubles open and plate events.

Veterans Closed Club Championship

The veterans closed club championship has been suspended in recent years because of a decline in the number of players taking part however if members would like to see the tournament return in one form or another, maybe a handicap format, the committee are always willing to consider your suggestions.

Mixed Winter League

The mixed winter league runs from the beginning of October until the end of March when over 40 people compete in a mixed competition based on a three tier league system. There are two groups of three teams in each tier who play each other once. Thirty two games are played in each match and depending on what tier you are in and how many games you win you may be promoted to a higher tier

Men's and Ladies Winter League

Every Monday during the winter it is ladies night and that is when the ladies winter league takes place. All ladies are invited to part in an event where they are placed in groups of four and you play three short sets, one with each player in your group. Games are totalled up at the end of the night and participants will be promoted, relegated or remain in the same group for the following week's round depending on how well they have done. The men's winter league follows the same format as the ladies but is played on a Thursday night
